Section 1 – Program Overview

1.1 Amount of Incentive

1.1.1 General Percentage

The Tennessee Film, Entertainment & Music Commission (“TFEMC”) Production Incentive offers a twenty-five percent (25%) grant on Qualified Tennessee Expenditures to Production Companies filming within Tennessee. Production Companies will enter into a Grant Contract with the Tennessee Department of Economic & Community Development (“ECD”) upon review and approval from the ECD Grants & Loans Committee. Funds are distributed to Qualified Production Companies through a Grant Contract and no expenditures will qualify until the execution of a Grant Contract.

1.1.2 Program Funding

The TFEMC Production Incentive is funded through the Film/TV Fund. Funding for the Film/TV Fund is determined by the Tennessee General Assembly on an annual basis.

1.2 Purpose of Program

The program was enacted with the best interests of the State of Tennessee, which include, but are not limited to, marketing the state as well as job creation and economic development. This is not a “first come, first serve” program nor one of unlimited resources. The TFEMC & ECD shall have the sole discretion of awarding these incentives, in furtherance of the best interests of the State of Tennessee. The criteria for the Production Incentive are described herein. Any questions and/or requests for clarification can be directed to the TFEMC.

1.3 Production Credits to Tennessee

The Production Company must provide production credits (including a logo provided by TFEMC) to the Governor, the State of Tennessee, Tennessee Film, Entertainment and Music Commission (TFEMC), Department of Economic and Community Development (ECD) and regional film commission(s) (if applicable) that provided services to the Production Company, as well as a “Filmed in Tennessee” Logo acknowledging that the Production was filmed in the State of Tennessee.

Section 2 – Eligibility Requirements

2.1 Types of Eligible Projects

Feature films, television episodes, television pilots and television commercials with national advertising messages that are broadcast on a National Network or a Cable Network are eligible to apply for the incentive program provided that such productions are filmed in the State of Tennessee

Live and recorded events, including news, sports, concerts and awards shows; talk shows, variety show formats; documentaries; music videos; webisodes; unscripted television; corporate marketing or training videos; projects consisting primarily of stock footage and/or interviews; trailers promoting

theatrical films not filmed in Tennessee; photo shoots or still photography; website development; animation and anything that is not original content recorded in Tennessee, will NOT qualify to receive an incentive.

The script and resulting production must not be obscene in nature, as defined by TCA 39-17-901. Projects applying for the TFEMC Production Incentive will be evaluated on a case by case basis. All scripts will be reviewed to ensure the production is in the best interest of the State. Projects must also have a Tennessee Connection. The content of the production must also not require that records be maintained pursuant to 18 U.S.C. Sec. 2257 with respect to any performer portrayed therein. The Production Company must comply with all applicable state and federal laws.

2.2 Minimum Spend

Production Companies are required to have a minimum of \$200,000 in Qualified Tennessee Expenditures per production/per episode.

2.3 Principal Photography Start Dates

Principal Photography must begin in Tennessee within 120 days from the Effective Date as defined in the Grant Contract.

2.4 Date Requirements for Eligible Expenditures

Any expenses incurred before the Effective Date do not qualify as Qualified Tennessee Expenditures. Expenses must be incurred within 12 months following the Effective Date. All financial obligations incurred in-state must be satisfied (see Section 5 for completion notification) prior to submission of application for grant.

Section 3 – Application Process and Requirements

3.1 Required Forms

- Form A- Registration for Certification of Conditional Eligibility (see Index of Appendices)
- Form A: Annex I- Due Diligence Questionnaire (see Index of Appendices)

3.2 Timing of Forms

TFEMC recommends submitting Form A and Form A: Annex I - Due Diligence Questionnaire at least four (4) months before the start of Principal Photography to allow for adequate time for the TFEMC to complete the application review and award process (see Section 4).

3.3 Other Required Information

- Detailed preliminary budget
- Written description of project, including script and synopsis
- List of creative elements, if known (i.e. principal cast director, line producer, location manager, etc.)
- Plans for distribution, including the names of any distributor(s) to the extent known
- Description of the source(s) of financing (including any private placement memorandum)

Section 4 – Application Review and Award Process

4.1 Certificate of Conditional Eligibility

Upon the satisfaction of the initial application procedures by the Production Company and the approval of the Production by the ECD Grants & Loans Committee, the TFEMC will issue a Certificate of Conditional Eligibility (“CCE”) for the TFEMC Production Incentive to the Production Company. The CCE will certify that the Form A and Form A: Annex I - Due Diligence Questionnaire filed on behalf of this Production for participation in the program have been approved and the requested funds have been reserved for the Production Company. The CCE will outline the approved estimate of Qualified Tennessee Expenditures and provide the anticipated incentive amount.

The receipt of the CCE does not guarantee availability of the incentive funds nor the amount of funds ultimately awarded, as these are contingent on the final budget and the production meeting the requirements of the incentive program. Application approval is at the discretion of the ECD Grants & Loans Committee.

4.2 Grant Contract

Production Companies will enter into a Grant Contract, typically within two weeks of the issuance of the CCE, with the Department of Economic and Community Development. No expenditures will qualify until a Grant Contract is fully executed by both parties. Any anticipated increase in the Production Company’s Qualified Tennessee Expenditures, must be submitted to the TFEMC in writing and approved by the ECD Grants and Loans Committee or the additional expenditures will not be eligible for qualification. Any requests for the additional reservation of funds need to be submitted to the TFEMC on Form D and approved by the ECD Grants and Loans Committee (see Index of Appendices). The allocation of additional funds is subject to the availability of funds and the discretion of the Grants and Loans Committee. If it is determined that the Production Company has attempted to circumvent ANY of these guidelines, the ECD may exercise its right to terminate the Grant Contract.

Upon the final award payment being received by the Production Company, the Grant Contract will be administratively closed out by ECD.

4.3 Pre-Production Meeting

The Production Company must meet with TFEMC to discuss the Production before Principal Photography begins.

Section 5 – Qualified Expenditures

- Expenditures are considered Qualified Tennessee Expenditures only to the extent that the costs are clearly and demonstrably incurred in Tennessee in the pre-production, production and post-production phases of a Qualified Production.
- Incurred in Tennessee means payments made for goods or services used in the state in connection with a Qualified Production AND purchased from a Tennessee Vendor or paid to a Tennessee Resident for a Qualified Production.
- Refer to Appendix B for an account by account description of eligibility.

5.1 Common Eligible Expenditures and Criteria for Qualification

- Qualified Tennessee Expenditures directly associated with the Production including art direction, wardrobe, make-up, hair, location fees, rental of facilities and equipment, scoring/soundtrack, special effects and all other customary post-production costs.
- Wages, salaries, fees, per diem and fringe benefits (including pension, workers compensation and health and welfare payments) of Tennessee Resident cast and crew (whether paid to an individual, Loan-out Company or any other entity). Eligible spend is limited to the first \$250,000 in gross wages, salaries, fees, per diem and fringe benefits paid to a Tennessee Resident. (See Section 5.6)
- Housing (in-state), living allowances and per diems paid to Tennessee Residents and non-Residents related to services performed in Tennessee.
- Travel of cast and crew to/from and within Tennessee, when purchased from a Tennessee Vendor (does not include private/charter flights).
- Insurance when purchased through a Tennessee Vendor and purchased specifically for a Qualified Production.
- Music related expenditures purchased from a Tennessee Vendor or Tennessee Resident including licensing, studio rentals, studio musicians, and equipment rental for the Qualified Production.

5.2 Common Ineligible Expenditures

The following are examples of common expenditures incurred by Production Companies that are not eligible for the Production Incentive. This is not intended to be a complete list and is only provided for reference for typical Productions.

- Any wages, salaries, and/or fees, of non-resident cast and crew members
- Costs/fees associated with advertising, marketing, distribution, financing and completion bonds
- Alcohol and tobacco – including use as props
- Cell phone reimbursements
- Contingency fees
- Development fees
- Profit sharing payments
- Gifts/prizes
- Wrap party expenses
- In-kind services/goods
- Expenditures incurred in Tennessee for portions of Productions occurring out-of-state. (i.e. travel, equipment rental, crew/talent hires, or post-production for any portions of projects filming outside Tennessee).
- Post-production of a project that did not shoot in Tennessee, or has already shot in Tennessee without receiving the required TFEMC approval in advance.
- Any expenditure for an approved project that is related to portions of a Qualified Production did not physically occur in Tennessee.
- Payments made directly to the government (federal, state, county or city), including permits, postage and employer payroll taxes (FICA, SUI, etc.).
- Expenditures made to Section 501(c), non-profit organizations (including Goodwill, Salvation Army, churches, museums, schools, etc.)

5.3 Pass-Through Companies

A Tennessee Vendor cannot be a pass-through company. If the vendor is a Tennessee Vendor but appears to be a pass-through company, then only those dollars that are of benefit to Tennessee will be allowed for the TFEMC incentive.

For example, ABC Productions pays Tennessee Supplier Company (TSC) to broker equipment and supplies for a film production. TSC finds equipment to lease from Jersey Film Supplies (JFS) in New Jersey for a \$100,000 leasing fee. TSC charges ABC Productions \$105,000 for equipment from JFS and \$10,000 for supplies purchased in Tennessee and a \$2,000 handling fee totaling \$117,000. Only the \$10,000 supplies expense, \$5,000 up charge (\$105,000 less \$100,000) and \$2,000 handling fee totaling \$17,000 are Qualified Tennessee Expenditures.

5.4 Assets

For the purchase of office, post-production or effects equipment (including but not limited to computers, hardware and relevant components, printers, copiers, etc.), Tennessee Qualified Expenditures will include the lesser of the net costs of the asset after sales proceeds (if assets are sold) or 20% of the original cost.

For all assets, other than office, post-production or effects equipment, with an original purchase price over \$5,000 the potential Tennessee Qualified Expenditures will be limited as follows:

- If the asset is sold, the Tennessee Qualified Expenditures shall be the lesser of the net costs of the asset after sales proceeds or 50% of the original cost of such asset.
- If the asset is retained, donated, gifted or lost, the Tennessee Qualified Expenditures shall be no more than 50% of the original cost of such asset.
- If the asset is destroyed during the process of production, the Production Company shall maintain documentation to support the destruction of the asset (e.g. call sheets, production reports, still photographs, video footage, etc.) and 100% of that asset shall qualify as a Tennessee Qualified Expenditure.

5.5 Related Party Transactions

Payments exchanged between multiple companies having the same or similar owners must be “arm’s-length” and shall be interpreted to include companies approved to receive the incentive, payments that are made to that company’s owner, partner or principal. In order to substantiate that the Production is conducting transactions at “arm’s-length” the Production Company must solicit and maintain documentation of three bids, from non-related parties, to perform the same services or provide the same products as the related party. To be a Qualified Tennessee Expenditure the amount paid to related party may be no more than the lowest of the three non-related party bids as well as meet the requirements as laid out in Section 5.

5.6 Residence and Related Reporting Requirements

The Production Company shall maintain a Form B - *Tennessee Declaration of Residency* (see Index of Appendices) for each individual for whom the Production Company is seeking an incentive. Tennessee

Residents must meet Tennessee Resident criteria, which require a Tennessee driver's license or identification (ID only) license. According to state law new residents or those returning to Tennessee and holding a driver's license from another state must obtain a Tennessee driver's license no later than thirty (30) days after establishing residency. All new or returning residents must surrender their out-of-state license at time of application for Tennessee license. Tennessee law does not allow a resident of this state to hold more than one valid driver's license or ID. Only foreign country licenses/IDs may be retained. All applicants obtaining an ID only license must meet the same standards for proof of identity, legal presence and residency as required for any driver's license. In order for expenses to qualify the individual must have a Tennessee driver's license or Identification (ID Only) license prior to each payment by the Production.

5.7 Completion Notification

Upon the completion of Principal Photography, the Production Company must post a notice, once a week for three consecutive weeks, in local newspapers distributed in each Tennessee location where production took place, notifying the public of the need to file creditor claims with the Production Company by a specified date. The Production Company agrees that outstanding obligations are not waived by a creditor failing to file such claim by the specified date. The Production Company must include the production title, address, phone, fax, and contact name(s) of its primary or corporate office - not a temporary Tennessee production office - as vendors need to be able to contact the company after it has closed its local production office. Tennessee based companies should include their Tennessee primary or corporate office information. The Production Company must submit this information to the TFEMC and submit a copy of the newspaper bill for all three weeks to the TFEMC.

Section 6 – Financial Compliance (CPA Agreed Upon Procedures)

6.1 Process and Timing

A Certified Public Accountant ("CPA") hired by the Production Company will issue an Independent Accountants' Report on Applying Agreed Upon Procedures ("AUP") including the procedures required in Section 6.2 in accordance with attestation standards established by the American Institute of Certified Public Accountants. The AUP is to be submitted to TFEMC within 18 (eighteen) months of the Effective Date as defined by the Grant Contract. In the event that the Production Company needs additional time to submit the required documentation a written request can be submitted to TFEMC.

6.2 Specific CPA Agreed Upon Procedures

The agreed-upon procedures will be as follows:

1. The CPA will read the regulations and guidelines of the Production Incentive.
2. The CPA will obtain from the Production Company a general ledger listing of all expenditures the Production Company determines to be Qualified Tennessee Expenditures.
3. The CPA will test certain Qualified Tennessee Expenditures, paid to individuals (payroll) selected from the general ledger, whether they were made to an individual or a loan-out company. The

items will be selected in accordance with Appendix F. For each item selected, the CPA will verify to supporting records (timecard or equivalent documentation):

- a. The agreement of the date the expense was incurred
 - b. The individual/loan-out company name
 - c. Amount of the expense
 - d. Tennessee Resident status of the employee
 - e. Qualification in accordance with the TFEMC Guidelines
 - f. For payments made to loan-out companies or other entities, the CPA will verify that the loan-out company or other entity is a Tennessee Vendor.
4. The CPA will test certain Qualified Tennessee Expenditures, other than payments to individuals (non-payroll) selected from the general ledger. The items will be selected in accordance with Appendix F. For each item selected, the CPA will verify to supporting records (invoice or equivalent documentation):
 - a. The agreement of the date the expense was incurred
 - b. The vendor name
 - c. Amount of the expense
 - d. Qualification in accordance with the TFEMC Guidelines
 - e. For payments made to loan-out companies or other entities, the CPA will verify that the loan-out company or other entity is a Tennessee Vendor.
5. The CPA will obtain fixed asset listings from the Production Company of all assets used in the Production as follows: (1) all office, post-production, and effects equipment; and (2) all other assets not considered office, post-production and effects equipment with an original purchase price over \$5,000. The listings should indicate the status of the assets (e.g. retained, donated, gifted or lost, etc.). A copy of both listings should be attached to the report. For all assets on the listings perform the following procedures:
 - a. For all office, post-production or effects equipment (including but not limited to computers, hardware and relevant components, printers, copiers, etc.), verify that the Qualified Tennessee Expenditure is the lesser of the net costs of the asset after sales proceeds (if assets sold) or 20% of the original cost.
 - b. For all assets over \$5,000 not including office, post production and effects equipment, verify the following: (1) If the asset is sold, verify that the Tennessee Qualified Expenditure is the lesser of the net costs of the asset after sales proceeds or 50% of the original cost of such asset; (2) If the asset is retained, donated, gifted or lost, verify that the Tennessee Qualified Expenditure is 50% of the original cost of such asset; and (3) If the asset is destroyed during the process of production, verify that the production company maintains documentation to support the destruction of the asset (e.g. call sheets, production reports, still photographs, video footage, etc.) and allow 100% of the original cost of that asset.
6. The CPA will apply the rate of misstatement of the exceptions identified in procedure 3 and 4 above, if any, to the respective populations tested. The rate of misstatement will be calculated by the total value of the exceptions identified, divided by the total dollar value tested, and multiplied by the respective populations tested. The total of all calculated misstatements for

each population tested will be deducted from the original schedule of Qualified Tennessee Expenditures to arrive at a revised amount of Qualified Tennessee Expenditures. For exceptions noted in procedure 5, adjust the Tennessee Qualified Expenditures for known misstatements noted and attach a listing of those misstatements.

7. The CPA will recalculate the amount of production incentive by multiplying the total Qualified Tennessee Expenditures from the general ledger obtained in procedure 2 (above), as adjusted for the extrapolated misstatement identified in number 6 above by twenty-five percent (25%).

6.3 General Requirements

- The cost report must be in US dollars.
- The period during which the expenditures were incurred must be disclosed.
- For selected payments made to loan-out companies or other entities, the CPA must verify that the loan-out or other entities are Tennessee Vendors.
- The costs to be recorded are actual costs and shall not include any mark-ups or profit additions on the part of the production entity receiving the rebate.
- It is the Production Company's responsibility to ensure that all of the required information is provided.
- CPA shall be a licensed firm who has undergone a successful peer review in the most recent reporting cycle. Prior to the State's acceptance of the Independent Accountants' Report the Production Company must submit to the State a copy of the CPA's license & most recent peer review.
- All Qualified Tennessee Expenditures must be net of any refunds, rebates or insurance claims.
- The production company should administer Petty Cash expenditures using standard accounting best practices. All documentation must be legible and must include the purchase date. The production company should maintain all Petty Cash Receipts and other pertinent documents in an orderly manner and available for review until after the final incentive payments have been processed.

Section 7 – Reporting Process

7.1 Forms

Form B: Tennessee Declaration of Residency (for each Resident the Production Company is claiming credit for)

Form C: Incentive Application must be completed in its entirety and submitted to the TFEMC along with all required attachments prior to finalization and payment of the incentive.

All expenditures must be incurred within the Twelve (12) Month Qualification Period and all required information shall be submitted to TFEMC within eighteen (18) months of the Effective Date.

7.3 Data Reporting Requirements

See Appendix D – “Tracking Tips and Data Requirements” for complete set of data submission requirements and helpful hints for recording expenses during the Production.

7.4 DEMONSTRATION OF WORK

Prior to finalization and payment of the incentive, the production company will provide a copy of the Production, or the most recent edited version of the Production, on DVD to TFEMC & ECD. The production company will also provide at least five production still photos in an electronic format with rights cleared for promotional use and, for feature films only, at least one poster for promotion of the project.

7.5 Final Credit Award and Payment

The Production Company will not be entitled to receive any incentives, nor will they file any of their claims with the state, until the internal evaluation of program requirements shows that the Production Company has complied with all its obligations under this program. Payments will be made by direct deposit **upon** the completion of the review process.

In order to receive the Production Incentive, the Production Company must enter into a payment contract with the State of Tennessee and will also be required to submit an invoice for 25% of the amount of adjusted Qualified Tennessee Expenditures listed in the Independent Accountants' Report on Applying Agreed Upon Procedures, a substitute Form W-9 (download at <http://tn.gov/film/PDF/Incentives/SubstituteW9.pdf>), and the ACH Form (download at <http://tn.gov/film/PDF/Incentives/ACHregistration.pdf>) along with the required voided check or deposit slip.

7.6 Hold Harmless

The payment contract requires the Production Company to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Production Company, its employees, or any person acting for or on its or their behalf relating to the Production.

Section 8 – Confidentiality

8.1 Tennessee Public Records Act

The Tennessee Public Records Act is found in Tennessee Code Annotated ("TCA") § 10-7-101 and the sections that follow it. For purposes of access to public records, the operative provision is found in TCA § 10-7-503, which says: "All state county and municipal records ... shall at all times, during business hours, be open for public inspection by any citizen of Tennessee, and those in charge of such records shall not refuse such right of inspection to any citizen, unless provided by state law."

"Records" are defined in TCA § 10-7-301 as "all documents, papers, letters, maps, books, photographs, microfilms, electronic data processing files and output, films, sound recordings, or other material, regardless of physical form or characteristics made or received pursuant to law or ordinance or in connection with the transaction of official business of any governmental agency."

In summary, documents that come into possession of a governmental agency either by virtue of receipt of the documents by the agency, or creation of the documents by the agency, are public records that must be made available for public inspection unless they are exempt from the disclosure by state law. TCA § 10-7-505(d) says the law “shall be broadly construed so as to give the fullest possible public access to public records.”

TCA § 10-7-504 lists several records and categories of records that are exempt from disclosure. In addition, this same provision lists cross-references to many statutes that exempt certain records from disclosure.

8.2 ECD Public Records Provision

Supplemental to the Tennessee Public Records Act, the Department of Economic and Community Development (“ECD”) has adopted departmental open records provisions found at TCA § 4-3-730. Unless a specific exception applies, the information and documents maintained, received, or produced by ECD are open for inspection by the public, including proprietary information, state contracts, and related documentary materials.

Appendix D -Tracking Tips and Data Requirements

DATA REQUIREMENTS

- The data must be in one Excel spreadsheet (not multiple tabs) or one Access database table (not multiple tables).
- The data cannot be submitted in any other format such as PDF, XML, delimited, CSV, PRN, reports, etc.
- The data must contain specific identifying information about the transaction that is sufficient to locate the source document (paper receipt) such as vendor/supplier name, employee name (if payroll related), week ending date (if payroll related) invoice date, invoice number/transaction number, general ledger account number, proof of payment (check number, envelope number, etc), description, transaction type, transaction date, transaction number, etc. This is not an exhaustive list, but rather an example of the detail needed on each transaction/line of data.
- The amount of the Qualified Tennessee Expenditures must be in one data column and have an amount on every line of the data for the transaction. The sum of this column must represent the total Tennessee spends for the time period represented. If the column is summed in Excel or Access and does not sum to the number represented at the bottom of the column, the data will be returned for correction.
- Every effort should be made to list the spend for each transaction and not multiple payments or advances toward a single transaction/spend.
- The data must have a clear cutoff for the claim and that cutoff must be identified to the Tennessee Film, Entertainment & Music Commission. For example, the claim could be for all Tennessee expenditures between February 2, 20XX and October 15, 20XX. Therefore, if a subsequent claim is filed, all Tennessee expenditures submitted to the Tennessee Film, Entertainment & Music Commission would be for expenditures after October 15, 20XX. It is imperative that this is clear so that duplicate expenditures are not presented in multiple claims.

Required Data Elements

<i>Field Name</i>	<i>Explanation</i>
General Ledger Account	
Vendor Name	
Invoice Number	
Invoice Date	
Description	Make sure enough information is present to differentiate from another line within the TN spend data
Employee Name	Must include employee name for payroll transactions
Week Ending Date	This will show the payroll week
Check Number	You must have check number as proof of payment unless Petty Cash
Check Date	
Petty Cash Envelope Number	The production company should administer Petty Cash expenditures using standard accounting best practices. All documentation must be legible and must include the purchase date. The production company should maintain all Petty Cash Receipts and other pertinent documents in an orderly manner and available for review until after the final incentive payments have been processed.
Transaction Type	This should be Payroll, AP or Petty Cash and not Journal Entries
Transaction Number	If your computer system issues a transaction number to all entries, please provide that information.
Transaction Date	If you use a transaction date or entry date as the cutoff date , you will need to provide this data field
Amount of TN spend	Must be the amount claimed for the refund/incentive – (Include the employee gross pay if this is a payment to an employee or a payroll transaction)

You will have to indicate the cutoff date for each data set provided to ensure that entries are not included multiple times for payment. The date field used to identify the cutoff must be in each data submission and date ranges cannot overlap between sets of data provided for the incentive. Overlapping date ranges will result in a reduction of incentive amounts approved.

All line items that are identical to another data line will be removed and not allowed as a qualified spends. If the lines are not truly duplicates, make sure that plenty of detail is provided to prove two different payments. The ideal situation is that similar items be paid with different check numbers. Any amounts removed from qualified spend by journal entry should have both the spend and journal entry removed from the file before submission
